

TABLE SNR01. **Highest incidence rates¹ of total nonfatal occupational injury and illness cases, 2014**

Industry ²	NAICS code ³	Incidence rate
Rope, cordage, twine, tire cord, and tire fabric mills (Private industry)	314994	13.2
Nursing and residential care facilities (State government)	623	12.6
Fire protection (Local government)	92216	12.1
Rendering and meat byproduct processing (Private industry)	311613	10.7
Skiing facilities (Private industry)	71392	10.7
Police protection (Local government)	92212	10.6
Interurban and rural bus transportation (Private industry)	4852	10.0
Veterinary services (Private industry)	54194	9.6
Travel trailer and camper manufacturing (Private industry)	336214	9.5
Manufactured home (mobile home) manufacturing (Private industry)	321991	9.4
Truss manufacturing (Private industry)	321214	9.3
Hog and pig farming (Private industry)	1122	9.0
Steel foundries (except investment) (Private industry)	331513	8.9
Hospitals (State government)	622	8.7
Heavy and civil engineering construction (Local government)	237	8.6
Prefabricated wood building manufacturing (Private industry)	321992	8.6
Truck trailer manufacturing (Private industry)	336212	8.5
Iron foundries (Private industry)	331511	8.4
Materials recovery facilities (Private industry)	56292	8.4
Other nonferrous metal foundries (except die-casting) (Private industry)	331529	8.3
Aluminum foundries (except die-casting) (Private industry)	331524	8.2
Luggage and leather goods stores (Private industry)	44832	8.2
Scheduled passenger air transportation (Private industry)	481111	8.2
Correctional institutions (State government)	92214	8.2
Ambulance services (Private industry)	62191	7.9
All industries including state and local government⁴		3.4

¹ The incidence rates represent the number of injuries and illnesses per 100 full-time workers and were calculated as: $(N/EH) \times 200,000$, where

N = number of injuries and illnesses
 EH = total hours worked by all employees during the calendar year
 200,000 = base for 100 equivalent full-time workers (working 40 hours per week, 50 weeks per year)

² High rate industries were those having the highest incidence rate of total recordable cases of injuries and illnesses and at least 500 total recordable cases at the most detailed level of publication, based on the *North American Industry Classification System* -- United States, 2012.

³ *North American Industry Classification System* — United States, 2012

⁴ Excludes farms with fewer than 11 employees.

NOTE: Dash indicates data do not meet publication guidelines.
